Hi Kelly,

Thanks for following up on the FRAP Webinar materials. I am wondering if EPA has posted the document summarizing questions and answers that were discussed during the presentation, and if so, where would I be able to locate it?

Thanks!

Daniel,

Over the next week, we anticipate posting a summary of the questions and answers that were discussed during the presentation. The document will be added to the Federal Research on Recycled Tire Crumb Used on Playing Fields website.

Thank you,

Kelly

Subject: Crumb Rubber Webinar Follow-up

Hello,

Thank you for conducting today's EPA Webinar on the FRAP Tire Crumb Characterization Study. The presentation was very helpful and the moderators provided useful information.

I am wondering if EPA could provide some more information; specifically, an archived chat from the Webinar since a lot of useful questions and points were brought up, and a list of the Webinar participants.

Please let me know if you would be able to circulate this information.

Sincerely,

Daniel Grossman
